POLYBAG

## THANK YOU FOR YOUR ORDER WITH CRAFT MFG!

PLEASE CAREFULLY REVIEW THIS PROOF TO MAKE SURE THAT WE HAVE THE CORRECT DETAILS (SIZE, METAL CHOICE, COLORS CODES, ETC.).

PLEASE CHECK FOR ANY ERRORS IN THE ARTWORK OR MISSING INFORMATION. NOTE THAT THIS IS A DIGITAL REPRESENTATION, AND THE INFORMATION CONTAINED IN THIS PROOF WILL BE USED FOR MASS PRODUCTION.

IF ANY OF THIS INFORMATION IS INCORRECT, PLEASE NOTIFY US AND WE WILL MAKE CORRECTIONS. TWO CORRECTIONS MAY BE APPLIED FREE OF CHARGE - ADDITIONAL CORRECTIONS MAY INCUR ADDITIONAL ART FEES. **WE ARE UNABLE TO PROCEED WITH YOUR ORDER UNTIL FINAL APPROVAL HAS BEEN RECEIVED VIA THE INVOICING SYSTEM PRINTAVO OR VIA EMAIL.**

DETAILS MAY CHANGE IN THE PRODUCTION PROCESS IF THE PRODUCTION TEAM FEELS THAT IT WOULD BENEFIT THE QUALITY OF THE PIN. ON OCCASION, THESE CHANGES MAY BE MADE WITHOUT PRIOR NOTICE AND MAY NOT BE REFLECTED ON THE PROOF.

**WE ARE NOT RESPONSIBLE FOR ANY ERRORS DISCOVERED AFTER CUSTOMER APPROVAL. SHOULD WE NEED TO STOP PRODUCTION FOR ANY CORRECTIONS AFTER PROOF APPROVAL, FEES WILL BE INCURRED AND PRODUCTION TIME MAY INCREASE.**

### NOTES ON METAL BORDERS:

EXPANSION OF THE PERIMETER OF THE DESIGN BY UP TO .013" CAN BE EXPECTED IN THE METAL PRODUCTION PROCESS FOR MOST PINS. THIS MAY CAUSE OPEN AREAS TO BE SLIGHTLY FILLED OR TRANSLATED TO RECESSED METAL ON THE FINAL PRODUCT.

ALL OPEN AREAS WILL BE FILLED WITH RECESSED METAL UNLESS CUT OUTS HAVE BEEN REQUESTED. CUT OUTS MUST BE AT LEAST 1.5MM AND WILL INCUR AN ADDITIONAL FEE.

THE ANTICIPATED EXPANSION HAS BEEN ESTIMATED ON THIS MOCKUP (IN RED) BUT MAY VARY ON THE FINAL PRODUCT.

LINE WIDTH MAY ALSO VARY ON THE FINAL PRODUCT. THE METAL PRODUCTION PROCESS MAY CAUSE LINES TO BECOME THICKER, WHICH MAY CAUSE SMALLER DETAILS TO BECOME LOST IF TOO SMALL TO FILL WITH ENAMEL.

### NOTES ON COLOR:

COLORS WILL BE MATCHED AS CLOSELY AS POSSIBLE TO THE PANTONE+ SOLID COATED SWATCH BOOK, BASED ON THE PANTONE COLORS LISTED ON THIS PROOF.

THE APPEARANCE OF THE COLORS ON YOUR SCREEN MAY VARY FROM THE COLORS ON THE FINAL PHYSICAL PRODUCT. WE ONLY MATCH TO THE PHYSICAL SWATCH BOOK. ALL ENAMEL COLORS ARE HAND-MIXED, SO THEY MAY VARY SLIGHTLY BETWEEN ORDERS, OR WITHIN AN ORDER. REDS USUALLY APPEAR DARKER ON THE FINAL PRODUCT AND ORANGES CAN TURN MORE YELLOW.

METAL PLATING COLORS ARE APPROXIMATE AND MAY VARY ON THE FINAL PRODUCT. METAL PLATING TONE CAN ALSO VARY SLIGHTLY BETWEEN PRODUCTION RUNS, SO RE-ORDERS MAY NOT BE AN EXACT MATCH WITHIN THE INITIAL PRODUCTION RUN.

### NOTES ON FINISHES:

IF YOUR ORDER INDICATES GLOW IN THE DARK, GLITTER, OR SCREENPRINTED DETAILS: AN EPOXY COATING MAY BE USED IN PRODUCTION TO PROTECT THESE DETAILS. THIS WILL CREATE A SMOOTH, SLIGHTLY GLOSSY FINISH ON THE SURFACE OF THE PIN.

**IF YOU HAVE ANY QUESTIONS ABOUT YOUR PROOF, PLEASE DON'T HESITATE TO CONTACT YOUR SALES REPRESENTATIVE: [PROMO@CRAFT-MFG.COM](mailto:PROMO@CRAFT-MFG.COM)**
